Dear Mr Yilmaz,

I am very glad that your cooperation with the French Mountain Film Festival in Autrans is going well. I confirm that your project has been labelled and included in the official programme of the Turkish Season in France.

I hope that this labellisation will help you to raise financial support from private partners in Turkey. For your information, a committee of sponsors has been created in France with companies which are doing business in Turkey. Of course these companies in France cannot be asked to support your project, but you may try and contact their partners or branches in Turkey.

Those companies are : AREVA, AXA, EADS, Total, BNP Paribas, Gras Savoye, Groupama, Groupe La Poste, LVMH, Mazars, Publicis Groupe, VEOLIA environnement

Wishing you good succes with your project, I remain

Yours sincerely
